Subject: RESTORE MOCA's CULTURE & ARTS BUDGET

Bainum, Apo, Garcia...

SHEESH! C'mon, you guys!

We finally get Chinatown thriving with a bit of art downtown and you are cutting one of the few support venues you provide it! Restore MOCA's budget and look to that dinosaur rapid transit in the corner to save money, or cut one of those inflated administration positions advertised for this monstrous project which hasn't even broke ground yet and won't be functional for me or my children. Sheesh. lay off the arts. I'm watching and I'm not pleased.
